DATED 24TH MARCH 1931.

[illegible] committee and the views of the Board of Industries and [illegible] appended to this order. The general question of industrial [illegible] problem and it is now under investigation by the Indian Banking [illegible] committee. It is desirable to wait and see what recommendations will be [illegible] by the Committee and this is also the view held by the Board of Industries and Commerce.

As regard the position created by the fall in prices of commodities, Government would wish to observe that it is the result of a very widespread depression and possibly points to a movement of world fall in prices. It is very difficult to apply any remedy for maintaining a higher price level in such a situation and attempts made elsewhere with this object have not proved successful and have done more harm than good. Most interests, industrial and agricultural in particular have been adversely affected and it is impossible for Government to afford financial assistance to them all, as the scale of operations would be too large and risks of losses too heavy. All that might be attempted is to afford, as Government have already done in the case of hand-loom weavers of the Bangalore City, some relief in cases in which the difficulty felt is of a temporary nature and the transaction does not involve much risk or lock-up of funds for long periods.

the State on acco[illegible]
industries to be specially he[illegible]
take and what are the safeguards [illegible]
(iii) Is it sufficient only to provide temp[illegible]
over longer periods, what should be their cha[illegible]
their opinion as to whether we could discuss the main [illegible]
opinion. It was urged that the present depression was some[illegible]
the merchants very hard. The agriculturists anticipated that due [illegible]
merchants to have enough of finance to buy their articles when the harve[illegible]
were also likely to suffer a very heavy loss.

Mr. Venkatakrishnaiya observed that this trouble applied to the Industrialists as w[illegible]
as to the marchants also.

Sir Puttanna Chetty observed that the present economic depression was not one peculiar to Mysore but was a world-wide one and that to a very large extent the present plight of the marchants may be stated to be due to over trading and not in the anticipated fall in prices. There has been a fall in prices due to very good seasonal crops and in all probability a certain amount of re-adjustment was necessary which had not been done both by the agriculturists and the marchants. A new state of things had arisen due to the low prices and restriction of credit and it will take some time for re-adjustment being effected. The Bank of Mysore was doing all that it could possibly do to help the merchants at this critical stage. It has been giving special facilities to merchants to clear their stock and to be in a position to trade further. He also stated that there was no difficulty to merchants to secure enough of money provided they had security to offer.

Mr. O'Brien in endorsing the views expressed by Sir Puttanna Chetty, stated that to a large extent the present depression was due to the Multani merchants withdrawing their credit facilities suddenly with the result that the merchants were handicapped severely for want of money.

Mr. Rajagopalachari wanted to know as to whether the Manager, Bank of Mysore, could give reasons for the sudden fall in prices. He stated that the price of Ragi had fallen down considerably and in March last year it was stated that the fall in price was due to the fact that there was no demand from the Southern Mahratta country to which a great deal of this commodity was exported during the political trouble. The political trouble was over but still the prices have fallen down considerably and there is not that amount of movement of goods as is necessary.

An enquiry was made generally as to whether any unsold stock was held last year by merchants. The general sense of the meeting was that the raiyat was shrewd enough to know when he should dispose of the stock and it was stated that he usually kept just enough to meet his requirements untill a fresh crop came in and there was not heavy stock with agriculturists but the difficulty really anticipated was that due to the fact that the merchants were not in a position to help the agriculturists in purchasing and disposing of the incoming stock and that they anticipated difficulty in realisation of the value for their goods.

Mr. Garudachar observed that from his experience though the Bank had helped many a person, it did not help to the extent as was necessary. He stated that there were nearly 300 merchants in Bangalore and out of these not more than 20 or 30 were helped by the bank, the rest were maintaining themselves by their own credit or were financed by the Multani Bankers. The latter have withdrawn their credit facilities and the merchants find it very difficult to carry on operations and this will affect the agriculturists seriously. He was of opinion that assistance should be given to merchants to enable them to help the agriculturists to dispose of their goods.

An enquiry was made as to whether the agriculturists could be helped through the Co-operative Societies.

Mr. Venkatakrishnaiya, President of the Apex Bank, brought to the notice of the Committee that out of 2,000 Societies in the State only 250 Societies had borrowed from

... Banks of a reasonable ... which amounted to about 300

... the Grain Merchants' Association had an ... credit of one lakh of rupees and the amount was ... indicated that there was no need for money.

... observed that the rate of interest charged was rather high and ... from borrowing freely from the Bank. He was also of opinion that if ... Merchants' Association came to know that Government are willing to help them ... the present situation, they may advance money freely to their constituents and carry on operations during the coming year.

Mr. O'Brien thought that the position might be summed up as follows:—

Such of the merchants as had some security to offer were capable of getting finance. But there were a number of persons who had no security to offer but whose credit was still satisfactory. He stated that this class of persons required help largely. He was of opinion that money should be advanced to these people through Co-operative Institutions in Bangalore and in some special cases through the Bank of Mysore.

Mr. Gundachar observed that the assistance might be extended to the organised associations in the mofussil also.

A question was raised as to the rate of interest charged. The Financial Secretary to Government observed that there should be no distinction in the rate of interest charged by the Co-operative agency and that levied on the amount to be lent by Government. The general sense of the meeting was that there ought to be some difference in the rate of interest charged by the lending bank who should obtain their finance. The Committee was of opinion that the Government might lend to the Banks at 5 or 5½ per cent and the Banks might lend the same at 6½ or 7 per cent to the Grain Merchants' Association and that they should be informed that they should not restrict their scope of borrowing from the Apex bank.

Mr. Gundachar observed that such assistance should be made also in case of persons whose credit was trustworthy but who had no security to offer and such advances should be made to the Bank of Mysore.

The next question considered was as to the nature of special measures needed for commercial crops like Arecanut, Groundnut, Coffee and Silk.

So far as the Coffee Industry was concerned, Mr. O'Brien thought that the present prices obtained for coffee normally Rs. 51 a Cwt. left a sufficient margin for profit after meeting cultivation expenses and other charges and special measures were not needed. He thought that special measures needed were the creation of a home market and prevention of the extensive import of coffee and the prohibition of export from Java will extend the local market for coffee and more fair prices.

Mr. Sylvester Pais however was of opinion that the small planters could not manage their estates in the absence of credit facilities specially when the local money lenders stopped the grant of loans. He stated that a scheme similar to what was done by Government when the export of coffee was stopped some time ago, should be revived.

Mr. Rajagopalachari observed that the difficulties referred to by Mr. Pais were one arising out of normal conditions and not one due to the present conditions. The best way of solving this problem was to ask the small planters to form themselves into Co-operative Societies which may be helped through the Banks.

As regards cardamom, Mr. O'Brien explained the steps they had taken to help the trade in this industry and he was of opinion that no other special measures were necessary at present.

As regards Arecanut, he observed that the merchants who deal in Arecanut in Shimoga had sufficient resources to dispose of their stock and they were in a position to

concrete proposal was in the matter of affording aid to the Silk Industry
was thinking of helping the raw silk holders through the agency of the Mysore
was also of the opinion that advantage might be taken of the present Swadeshi move
to encourage a local thriving industry and place it on a stable basis.

The Committee finally arrived at the conclusion that as far as the Silk Industry was concerned, some help was necessary to be given to small merchants and that a sum of Rs. 50,000 might be provided for rendering help to enable them to hold stocks of raw silk on the lines similar to what was done in the case of Hand-loom weavers.

The Director of Industries and Commerce suggested that a scheme with a view to providing financial assistance to industrial concerns be formulated.

Mr. O'Brien wanted to know the difference between assistance and loans. The risk in affording financial help to industrial concerns was so great that the Bank also stood in need of being guaranteed against possible loss.

The Financial Secretary to Government said that the assistance required was of two kinds, *viz.*, provision of working capital and finding a sale for finished products.

Sir Puttanna Chetty observed that if everything was expected from the Bank, how was it possible for any business to thrive?

Mr. O'Brien thought it inadvisable to start any industry under such conditions and said that the Bank was not prepared to undertake risks without proper safeguards.

The Financial Secretary to Government stated that the Mysore Bank has been materially supported by the Government, that there ought to exist a policy of give and take on the part of the Bank. It was a different matter altogether as to how far the Bank could undertake risks but he wished to stress the point that the Bank must co-operate with Government in the promotion of the industrial progress of the country.

Mr. K. S. Aiyar said that the Bank granted or refused assistance only after considering each case on its merits.

The Chairman observed that Government were anxious that something should be done to help industrial concerns so that they might be enabled to tide over the present difficult times but they were equally anxious to enlist the co-operation of the Bank on terms which would safeguard its interest.

Mr. K. S. Aiyar said that it was also the intention of the Bank that it should develop its business and prosper.

Mr. O'Brien said that a Committee was once appointed by Government to investigate this problem of affording aid to industries. The Committee spent much precious time in its deliberations and presented a report to Government but nothing had so far been heard about it.

The Director of Industries and Commerce said that if it was not possible for the Bank to undertake any risks in helping industrial concerns with finance, he suggested the formation of an Industrial Fund on the lines of the recommendations of the Bombay Provincial Committee, *viz*,, the Bank setting apart some of its long-term deposits towards the Industrial Section and Government taking some debentures. The Government might also set apart every year about a lakh of rupees for this purpose, the amounts being operated by the Bank and ultimately forming an Industrial Fund.

Mr. O'Brien replied that the Articles of Association of the Bank of Mysore did not permit of such an arrangement being followed. He said that the Industrial Banks in India had a most unhappy existence. The present Banking Committee were dealing with this matter and their recommendations were being awaited. He emphasised the point that it would be better to wait till the recommendations of that Committee were made public so that they might have the benefit of their advice rather than rushing in a matter of such importance and complexity.

[illegible] the [illegible]quired loans for [illegible] Bank, he suggested [illegible] affording aid to industries [illegible] commerce.

[illegible] said that the object of Government in seeking [illegible] matter was to have the benefit of the experience [illegible], their timely recovery, etc.

[illegible] stated that it would be a great help if Banks were started in the [illegible] that the Bank of Mysore would also be prepared to render some help.

[illegible] general sense of the Committee was that the question of formulating proposals [illegible] help industries and trade might await the result of the report of the Banking Committee that is now considering all these issues.

*II. Financial Assistance to Trade and Industries in the State.*—Regarding affording assistance to holders of small coffee estates Mr. Deve Gowda represented that at present no facility whatever existed for affording relief to this class of people and their lot was miserable. It would be of very great help to them if the Mysore Bank advanced 4 to 5 lakhs of rupees for being distributed among small planters in the shape of loans. There was an idea of forming co-operative societies for their benefit, but it was not likely to materialise as the estates were scattered over the entire Malnad.

The Director of Industries and Commerce was also of opinion that it would be impossible to form co-operative societies for the above reason and that the only solution of the problem was for the starting of a separate Coffee Bank. This question was investigated some 6 or 7 years ago by the Co-operative Committee presided over by Sir Samaldas and they were unanimously of opinion that the co-operative organisation would not be of much assistance in affording relief to Coffee Planters and that a separate Joint Stock Bank should be started. This question was also considered by the Board of Industries and Commerce, the Economic Conference and a Special Committee was formed, composed of some important planters, to go into the matter and make recommendations. The Committee met at Chikmagalur, examined the question in all its aspects and submitted an unanimous report recommending the formation of a separate Bank.

Mr. Garudachar was also in favour of affording help to these small holders of coffee estates.

Mr. Deve Gowda amplifying his previous remarks said that small planters formerly used to get loans up to Rs. 2,000 on personal security but that was not the case now owing to the tightness of the money market and adverse trade conditions. He therefore urged that the Mysore Bank might be moved to consider the question of helping planters with loans sympathetically.

Mr. Garudachar explained the various difficulties in the way of administering such loans such as the need for a special staff to inspect the Estates, watch the disposal of the crops, etc. If the crops were removed stealthily the position of the Bank would be rendered very delicate. As a matter of fact, the Bank did help coffee planters during the last coffee season to a great extent. About 14 to 15 lakhs of rupees were advanced by the Bank on the security of standing crops to the planters big and small.

The Chairman, replying to Mr. Deve Gowda said that the question of granting loans to the planters from the Bank was entirely for the Bank authorities to decide and that the Board could not interfere in the matter. Besides the grant of loans on the security of standing crops presented great difficulties as he found from personal experience.

The Board was generally in favour of the recommendations of the Special Committee but they were of opinion that so far as it goes with coffee, a separate Bank should be started.

### DEVELOPMENT SECRETARIAT.

**Constitutes a Committee for remodelling the Government Weaving Factory.**

READ—

Correspondence ending with un-official note No. D2 313—29-30, dated 30th December 1930 of the Director of Industries and Commerce in Mysore, on the reorganisation of the Government Weaving Factory.

ORDER NO. D 9237-47—I. & C. 112-29-19, DATED 30TH MARCH 1931.

The Government Weaving Factory was started in 1912 with the object of improving the handloom industry in the State. The educational and experimental sides of the Factory received fairly adequate attention until 1920. In that year Government directed that the work of the Factory should be administered on commercial lines. Attention was thus concentrated on improving production, the question of introducing new designs and improved appliances and the training of students in the technique of weaving taking a subordinate place. An examination of the financial results of the working of the Factory during the past some years has disclosed the fact that it has not been able to show any profits so far.

Government consider that the time has arrived when the working of the Factory has to be placed on an entirely different footing in view of the fact that Handloom Weaving provides occupation to a very large number of people in the State and that its development is an urgent problem and all feasible measures have to be taken to strengthen and expand it. They consider that it is not desirable that the Factory should be run on commercial lines but that it should devote attention, in an increasing measure to train people and to the supply of improved designs and appliances for the benefit of the weaver classes. Government therefore think that it would be more beneficial if the Factory were to be converted into a Training Institute.

The Committee is requested to consider the following points and favour Government with its views on them:—

1. The closing down of the Weaving Factory as a commercial concern and its conversion into a Weaving Institute for imparting instruction in the theory and practice of hand-loom weaving of cotton, silk and wool and for popularising the use of improved methods of application of new patterns and designs.

2. The branches of work to be taught in the Institute and the staff, appliances and materials required therefor.

3. The number of students to be admitted for training each year and the qualifications they should possess.

4. Scholarships, if any, to be paid to students under training and wages to be allowed to them for any work of value turned out by them.

5. Period of training, subjects of study and examinations to be passed.

6. The best methods for the disposal of the finished products.

7. Whether the Weaving Institute should form the nucleus of the Textile Section of the Technological Institute, the starting of which is under contemplation.

8. Any other connected matters on which the Committee desires to make recommendations.

The following papers may be placed before the Committee:—

1. Sir Alfred Chatterton's Note on Handloom Weaving.

**Constitution of a new Taluk with Headquarters at Maddur.**

READ—

Correspondence ending with letter No. C. 474—29-30, dated 5th—6th November 1930, from the Revenue Commissioner in Mysore, submitting proposals in the matter of constituting a new Taluk with Headquarters at Maddur.

ORDER No. R. 5469-528—L. R. 118-29-13, DATED 8TH APRIL 1931.

The creation of a new Taluk with Headquarters at Maddur has been under the consideration of Government for sometime. During the Dewan's Tour in Maddur and Mandya in 1928, it was brought to his notice that Mandya Taluk, which was already a very extensive charge, was certain to get much too heavy for being administered as one Taluk, with the development of wet cultivation under the Irwin Canal. Government consider that the time has now arrived for making suitable arrangements to cope with the great increase of revenue and other work consequent upon the extension of irrigation, and are pleased to direct that a new taluk be constituted with effect from 1st May 1931 under the name Maddur Taluk with Headquarters at Maddur and comprising the hoblis of Maddur, Koppa and Athagur of the present Mandya Taluk, and the Chickarasinakere hobli of the present Malvalli Taluk. The Maddur Taluk will consist of 169 villages in all, with a total area of 1,07,959 acres and a population of 80,972.

2. The establishment of the New Taluk will consist of:—

| | |
|---|---|
| 1 Amildar. | 2 Gollars. |
| 1 Taluk Sheristedar. | 1 Dafterband. |
| 1 Head Clerk. | 1 Daffedar. |
| 8 Clerks. | 16 Peons. |
| 4 Revenue Inspectors. | |
| 1 Shroff. | |

The total cost of the above establishment will be Rs. 13,393$\frac{1}{5}$ per annum and the cost during one month of the current year will be Rs. 1,116 $\frac{1}{10}$. As three Clerks, three Revenue Inspectors and six Peons of the Mandya Taluk and one Revenue Inspector and two Peons of Malvalli Taluk will be transferred to Maddur Taluk, the net extra cost including contingencies at Rs. 5 per mensem during the current year will therefore amount to Rs. 729 $\frac{17}{20}$ (*vide* statement appended).

3. As regards accommodation for the Taluk Office, the Deputy Commissioner and the Revenue Commissioner have proposed that it might be located in the old Taluk Cutcherry Building at Maddur after carrying out certain additions and alterations costing of Rs. 3,045. This proposal is approved. The Police Station and the Sub-Registrar's Office now located in the building should be shifted to the old travellers' bungalow which will be repaired and suitably adapted for the purpose at a cost of Rs. 3,438. A sum of Rs. 2,000 is sanctioned for the purchase of the necessary articles of furniture for the new Taluk Office.

4. For the items named above as well as for establishment charges during the current year, a sum of Rs. 9,500 is sanctioned. The expenditure involved will be met by a reappropriation of the grants surrendered by the Revenue Department.

### Miner's Phthisis.

ORDER No. D. 9469-75—I. & C. 5-29-20, DATED 9TH APRIL 1931.

The Commissioner for Workmen's Compensation, Kolar, has suggested that it is desirable to include Pneumonokoniosis or Miner's Phthisis in the list of "Occupational Diseases" under schedule III of the Mysore Workmen's Compensation Regulation. The Senior Surgeon who was consulted on the subject has stated that it is one of the diseases peculiar to gold mining areas, that it has long been recognised as an occupational disease of the gold mining industry in South Africa and elsewhere and that it should be declared an "Occupational Disease." The Chief Inspector of Mines, who made a special study of occupational diseases incidental to gold mining, during his deputation to South Africa, has recommended that in addition to Pneumonokoniosis, two other diseases, *viz.*, Cyanide Rash and Mercury Poisoning might be brought under occupational diseases as contemplated in the Mysore Workmen's Compensation Regulation.

2. The question was discussed with the mining authorities of the Kolar Gold Fields and they consider it necessary that data should first be collected for proving or disproving the existence in the Kolar Gold Fields area of the abovementioned diseases before deciding the question of declaring them as "Occupational Diseases."

3. Government are pleased to accept the above suggestion and to direct that a Committee of medical men be constituted, whose function it will be to investigate and collect data in regard to the existence or otherwise of Pneumonokoniosis, Cyanide Rash and Mercury Poisoning in the Kolar Gold Fields and to submit their opinion as to the desirability or otherwise of declaring all or any of the abovementioned diseases, as "Occupational Diseases" under the Workmen's Compensation Regulation.

4. The following gentlemen will constitute the Committee:—

(1) Dr. C. Krishnaswamy Rao, Physician, Sri Krishnarajendra Hospital, Mysore (Chairman).

(2) Dr. L. P. Stokes, Chief Medical and Sanitary Officer of the Gold Mining Companies, Kolar Gold Fields.

(3) The District Medical Officer, Kolar Gold Fields.

The District Medical Officer will also serve as Secretary to the Committee.

5. The Committee is requested to submit their report before the close of June 1931.

6. The mining authorities are requested to afford all necessary facilities to the Committee in carrying out its work, particularly in the matter of taking radiograms of patients in their hospitals whenever necessary.

7. The Senior Surgeon is requested to issue suitable instructions to Dr. Krishnaswamy Rao and the District Medical Officer, Kolar Gold Fields, in regard to the programme of work to be followed. Dr. Krishnaswamy Rao may be permitted to visit the Kolar Gold Fields whenever the work of the Committee requires his presence there.

### Syllabus in Composing and Printing or Binding under the Mysore S. S. L. C. Scheme

READ—

Government Order No. D. 13023—Edn 733-29-4, dated 11th June 1930 according approval to the syllabuses in certain vocational subjects including "Printing" for the S. S. L. C. Course

2. Letter No. E. 1—1595—26 of [illegible] dated 7th March 1931 from the Director of Public Instruction in Mysore, recommending in the circumstances mentioned approval for the revised and amended syllabus in "Composing and Printing or Binding" as approved by the S. S. L. C. Board, under the S. S. L. C. Scheme.

ORDER No. E. 1072—EDN 289 30-4, DATED 11TH APRIL 1931.

The Director of Public Instruction states that the Superintendent, Government Printing, having pointed out that the revised syllabus for the VI Form as per Government Order read above is confined solely to Printing on the Machines and Hand Press and that it would be difficult to give practical training on machines to a large number of students for want of an adequate number of machines, and having therefore suggested that Binding may be instituted as an alternative subject to Printing and included in the syllabus so as to give a choice to the candidates, the question was considered by the S. S. L. C. Board on 5th November 1930, when they passed the undermentioned resolution:—

XVII. Resolved that the opinion of Mr. B. Puttaiya be invited as to whether "Binding" by itself may form an independent subject if it is introduced as an alternative to "Printing" for the S. S. L. C. Course as recommended by him and that the Director be authorised to take necessary action in the light of the reply from Mr. B. Puttaiya.

In consonance with the resolution, Mr. Puttaiya has been consulted and a revised draft syllabus obtained from him, the name of the subject being changed from "Printing" to "Composing and Printing or Binding," and the whole course being spread over a period of two years as at present.

The Director of Public Instruction requests approval for these changes, the revised syllabus being brought into force from the next academical year.

Government are pleased to sanction the recommendations of the Director of Public Instruction. The revised syllabus is appended to this order.

R. RANGA RAO,
*General Secretary to Government.*

### GENERAL SECRETARIAT.

**Mechanical Transport Corps.**

READ—

Government Order No. G. 3908-9—Mily. 236-27-4, dated 21st September 1928, directing certain retrenchments in the establishment of the Animal Transport Corps.

2. Government Order No. 9900-1—Mily. 21-28-16, dated 18th February 1930, sanctioning the purchase, to begin with, of two six-wheeled lorries to give effect to the Scheme of Mechanization of the Mysore Transport Corps and calling for proposals for a further reduction of establishment, etc., in the Animal Transport Corps.

3. Correspondence ending with letter No. C. 683—30, dated 17th January 1931, from the Chief Commandant, Mysore State Troops, stating that in all six motor lorries have been purchased and brought on the strength of the Mechanical Transport Corps, towards the completion of the Scheme and submitting proposals in the matter of establishment required therefor.

ORDER NO. G. 10019-20—MILY. 31-30-13, DATED 31ST MARCH 1931.

Consequent on the introduction of the Mechanical Transport, the Chief Commandant has effected retrenchments in the Animal Transport Corps in three stages,

*viz.*, from 1st April 1930, 1st June 1930 and 1st November 1930, as lorries were purchased on each occasion. It will be seen from Statement A received with Chief Commandant's letter read above, that in the 1st stage viz., from 1st April 1930 when two lorries were purchased, the strength of the Animal Transport Corps was reduced by 51 hands costing Rs. 1,055 per mensem. Against this reduction a temporary establishment consisting of six cleaners (sepoys) on Rs. 15 per mensem each and three Drivers, 1st Class, (Naiks) at Rs. 40 each per mensem were entertained at a total cost of Rs. 120 per mensem resulting in a net saving of (Rs. 1,055—Rs. 210) or Rs. 845 per mensem.

In the 2nd stage, *i.e.* from 1st June 1930, when two more lorries were added making a total of four the strength of the Animal Transport Corps was further reduced by 35 hands costing Rs. 795 per mensem. Against this reduction, the temporary strength of the Mechanical Transport was increased by one Jamadar on Rs. 60 per mensem, 1 Driver, 1st Class, on Rs. 40 per mensem, 2 Drivers, 2nd Class, on Rs. 35 each per mensem and 1 Mechanic on Rs. 90 per mensem, costing in all Rs. 330. This resulted in a further saving of Rs. (795—(330)) or Rs. 465 per mensem.

In the 3rd stage *viz.*, when all the six lorries were purchased the strength of the Animal Transport Corps was further reduced by three hands costing Rs. 24 per mensem and the strength of the temporary Mechanical Transport was increased by one Clerk on Rs. 50 per mensem. This resulted in a further saving of Rs. 24 per mensem.

The enclosed statement C gives details regarding the retrenchments effected at each stage in the Animal Transport Corps and the fresh hands entertained at each stage for the Mechanical Transport Corps.

Finally the strength of the Animal Transport Corps on 1st November 1930 remained at 28 hands costing Rs. 494 per mensem and that of the Mechanical Transport Corps at 14 hands costing Rs. 560 per mensem, as shown in the appendices A and B respectively.

The Chief Commandant requests sanction to the action taken by him in effecting the retrenchments and entertaining the hands for the Mechanical Transport Corps as above indicated from time to time, to the distribution of the 28 hands of the Animal Transport Corps to several Units as shown in the Appendix A and to the establishment of the Mechanical Transport Corps, being permanently fixed at 14 hands from 1st November 1930.

Government while generally accepting the above proposals of the Chief Commandant consider that there is no need for the Troop Commander of the Animal Transport Corps, as also for the posts of the Farrier proposed to be attached to the Mysore Lancers and one Watchman, one Scavenger and two Sweepers proposed to be attached to the 1st Battalion, Mysore Infantry and direct that these posts be retrenched with effect from 1st April 1931.

As a result of the retrenchments sanctioned above, the Animal Transport Corps will be reduced to 22 hands costing Rs. 34[illegible] per mensem and distributed as shown in the Proposition Statement attached below.

As regards the permanent scale of the Mechanical Transport, Government are pleased to sanction the proposals of the Chief Commandant, with the modification that the pay of the Clerk will be on a graded scale of pay on Rs. 30—4—50 instead of on a fixed pay of Rs. 50 per mensem as indicated in the Proposition Statement. The conversion of the Animal Transport into Mechanical Transport will thus result in a net saving of Rs. 1,575 per mensem or Rs. 18,900 a year.

Sanction is also accorded to the retention for six months, with effect from 1st June 1930, of the Chief Clerk of the Transport Corps whose place has been shown as abolished in Appendix A.

As regards the allowance to the Animal Transport Corps attached to other Units, Government direct that the Drivers attached to the Mysore Horse and Mysore Lancers do continue to get the clothing allowance and good service allowance while those transferred to Kunigal Stud Farm and Hessarghatta Grass Farm will get only the good service allowance at the rates they are now getting and this will be personal to them. But they will not get the clothing allowance. Their services will continue to be under the Military Rules for leave, pension, etc. Their successors will be treated as Civilians at the local rates of pay to be fixed hereafter. The establishment of the Transport Corps attached for duty at Kunigal and Mysore will cease to draw the house rent allowance from 1st November 1930.

R. RANGA RAO,

*General Secretary to Government.*

**Boarding Out Fund**

READ—

Government Order No. G. 10693-750 - Mil. [illegible] 2, dated 9th March 1931, sanctioning the revival of the system of Boarding out horses of Cavalry Regiments and reserving the question of forming a Boarding Out Fund for separate consideration.

2. Letter No. [illegible] 1151—29-30, dated 13th October 1930, from the Chief Commandant, Mysore State Troops, forwarding a draft set of rules for the formation and working of such Fund.

ORDER No. G. 10236-7—MIL. 29-30-1, DATED 9TH APRIL 1931.

The rules submitted by the Chief Commandant are silent as to the authority in whom the control of the Fund should be vested and the disposal of the surplus, if any, available after meeting all expenses properly chargeable to the fund. Nor do they provide for a detailed mode of accounting to be prescribed for the Fund. These omissions have been rectified and the rules as thus revised and approved are appended to this Order.

R. RANGA RAO,
*General Secretary to Government.*

## RULES FOR THE WORKING OF THE BOARDING OUT FUND.

In connection with the working of the system of boarding out regimental horses to civil officers of Government, a Fund called the Boarding Out Fund will be formed as an adjunct to the Remount Fund. The transactions relating to "Boarding Out Fund" will appear under "Remount Fund" in the Treasury accounts but in the books of the Military Department the transactions will be booked under a separate sub-head "Boarding Out Fund" to be opened under "Remount Fund". Detailed accounts will be maintained in the Unit Offices concerned and in the Financial Branch of the Chief Commandant's Office, the balance under the head being reviewed annually.

2. The general control of the Fund vests with Government and the disposal of the surplus amount of the Fund after meeting all expenses properly chargeable to it, will be settled by Government on the recommendation of the Chief Commandant.

3. The monthly hire recovered from officers for the loan of horses will be credited to this fund every month as also the following items:—

(1) The whole or any portion of the security deposit ordered to be forfeited for neglect or improper use of the animal by the borrower.

(2) The penalty inflicted on and recovered from the borrower for such neglect or improper use.

(3) The security deposit forfeited for failure to pay the monthly hire on the prescribed date or for failure to send timely intimation of casualties, etc.

(4) The price recovered from the borrower, when the animal is rendered unfit for the ranks or dies while in his charge from other than natural or reasonable causes), will be credited to the "Remount Fund" as in the case of the sale proceeds of cast horses.

4. The security deposits received from the borrowers of horses will be deposited in the treasury under "Military Deposits" instead of under "Revenue Deposits". They will be repayable to the parties when the loan is terminated.

5. At the end of each official year the depreciated value of horses boarded out at Rs. 50 per horse per year will be withdrawn from the Fund and credited to the Remount Fund.

6. In cases where the expenditure for restoring lent horses suffering from disease to proper condition cannot be legitimately recovered from the borrower, the same will be debited to the Boarding Out Fund.

7. Expenditure to be met out of the "Boarding Out Fund" will be subjected to all the rules of audit in the same manner as other expenditure relating to the Military Department.

8. The Accounts of the Fund will also be subject to Local Audit.

SUBJECT.—**Method of Drawing and Accounting of Funds Required by the Military Department.**

*Circular T. A. D. (B) No. 195—Est., dated 24th April 1931.*

To

(1) All Drawing and Disbursing Officers of the Military Department.
(2) All Treasury Officers.

With reference to Government Order No. Fl. 7450-2—G. F. 169-30-1, dated 31st March 1931, directing the abolition of the Financial Branch of the Military Department from 1st May 1931 and the transfer of the audit work to the Comptroller's Office, the following instructions are issued regarding the drawing and accounting of the funds required by the Military Department, for adoption from 1st *May* 1931 :—

(1) All bills of the Military Department that were hitherto being audited by the Financial Branch will be audited by the Comptroller's Office and all bills, correspondence, etc., hitherto addressed to the Chief Commandant, Financial Branch, will be addressed to the Comptroller.

(2) The existing system of payment of bills by cheques issued by the Financial Assistant will cease from 1st May 1931, and the procedure of drawing funds, on bills from the treasuries followed by all civil departments (*Vide* Chapters I to VII of Mysore Civil Account Code Volume I) and that was being followed by the Military Department prior to the formation of the Financial Branch will be adopted. The cheques drawn till the end of April 1931, but presented for encashment on and after 1st May 1931, may however be honoured at the treasuries, the paid cheques being sent to the Comptroller with the monthly accounts.

(3) At present all bills of the Military Department are subject to pre-audit. From 1st May 1931, the salary and establishment bills of the units outside Bangalore will be cashed at the Treasuries by the Drawing Officers (*Vide* Appendix II, Mysore Civil Account Code, Volume I), and will be subject to post-audit in the Comptroller's Office. The bills of the Chief Commandant's Office and those of the units located at Bangalore will be submitted to the Comptroller for pre-audit. The salary bills of Gazetted Officers for April 1931 will be supported by Last Pay Certificates issued by the Financial Assistant to the Chief Commandant. The same procedure will be followed in respect of Travelling Allowance bills also except that the bills will be got countersigned by the Chief Commandant before presentation at the treasury.

(4) As regards contingencies and other charges, the unit officers will meet expenditure (petty items) from the imprests they now hold and recoup the amount by drawing funds from the Treasuries on Abstract Contingent bills or Detailed Contingent bills as the case may be as indicated below :—

(*a*) The unit Officers at Bangalore will draw funds on detailed contingent bills duly countersigned by the Chief Commandant and pre-audited by the Comptroller's Office.

(*b*) The Officers outside Bangalore (specified on pages 57 and 58 of Appendix IX, Mysore Civil Account Code, Volume I) will draw funds on Abstract Contingent bills in accordance with the procedure detailed in Chapter VI, Mysore Civil Account Code, Volume 1, (Article 107) and for funds so drawn detailed contingent bills will be sent to the Audit Office, duly countersigned by the Chief Commandant in accordance with the prescribed rules.

(*c*) All contractors' bills that cannot be met out of the imprest, and all bills for permanent or temporary withdrawals from Provident Fund and Remount Fund will be sent to the Comptroller for pre-audit, duly countersigned by the Chief Commandant.

(*d*) Bills for payments exceeding Rs. 25 to firms outside the State and for payments for supplies of ammunitions, etc., from the Arsenal authorities, will also be sent to the Comptroller for pre-audit. The present system of sending requisitions to the State Huzur Treasury for arranging for such payments will cease.

(5) Bills on account of advances of Travelling Allowance will be dealt with in the same way as Travelling Allowance bills. Bills on account of advances of pay and other special recoverable advances will be drawn directly from the Treasury, attaching thereto the original orders of the sanctioning authority (Article 10 (*b*) (4) M. C. A. C. Volume I).

(6) All bills for amounts due by the Military Department to other departments of Government, except the Electrical Department, for supplies and services will in future be adjusted by book transfer in the Comptroller's Office and the procedure detailed in Articles 120 and 121 M. C. A. C. Volume 1 should be followed in such cases. The same procedure will be followed in respect of dues to the Military Department by other departments.

(7) In case of Electrical Department, all petty bills for lighting, etc., will be paid by the unit officers in cash from their imprests. Bills for large amounts that cannot be met out of imprest will be sent to the Comptroller duly countersigned by the Chief Commandant, for pre-audit and payment (by transfer credit to "Electrical Department—Payments into Treasuries") at the State Bazar Treasury.

(8) The remittance of pay, travelling allowance, clothing allowance, Military Provident Fund and imprest amounts due to Bazar Guards, etc., will be made either by means of Remittance Transfer Receipts or by drawing bills from the concerned Treasury, in accordance with Article 175 (2) (m) Mysore Civil Account Code, Volume 1.

(9) Consequent on the abolition of the Financial Branch, the Treasuries need not send to the Chief Commandant the triplicate Copies of the schedules of Military receipts and payments.

(10) The inspection and local audit of the accounts of the unit offices etc., hitherto conducted by the Financial Assistant to the Chief Commandant will be conducted by the Local Audit Staff of the Comptroller's Office.

(12) In all matters not specifically dealt with in this Circular, the general instructions contained in the Mysore Civil Account Code, Volume 1, will be followed.

The salary and establishment bills for April 1931, payable in May 1931 will be dealt with in accordance with the revised procedure indicated above, and the bills may be arranged to be presented at the Comptroller's Office on or after 27th April 1931.
